INTEGRATED SISTEM LED LAMP 8W
LED LAMP,BATTERY, PV PANEL, CONTROLER, MOTION SENSOR-

PRICE 122,4 \$

rometaleinox@gmail.com

The integration of solar lamp (8W)		Model: SHTY-208
The solar battery board	The maximum power	18V15W (high performance silicon)
	Service life	In 25 years
Battery	Type	Lithium iron phosphate (12.8V/6AH)
	Service life	In 5 years
LED lamp (without human sensor)	The maximum power	12V 8W
	LED chip brand	Taiwan semiconductor high brightness
	Lumen (LM)	800-880lm
	Service life	50000hours
Charging time	Solar charging	6 hours (sun light)
	Full power	>12 hours
The discharge time	Power saving mode	>24 hours
	(c) unit	-30°C~+70°C
The amount of light	Unit (k)	6000k
Installation height	Unit (m)	3-4m
Two lamp spacing	Unit (m)	8-10m
Light material	Aluminium alloy	
Authentication	CE / ROHS / IP65	
The warranty period	In 2 years	
Packing and weight	Product size	470*320*110mm
	Product net weight	5.8kg
	Packing box	Neutral carton
	Packing size	570*410*550mm/ box 530*390*140mm/
	Packing	4 / box
